

ThermoLite® Solar Panels for Golf Carts

Extend the fun in the sun with a solar battery charging system

BENEFITS INCLUDE:

- Increases daily range by 30%
- High-efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible with adhesive backing allows for a quick, efficient installation
- Chemical cleaning and pressure wash compatible

SUPERIOR DURABILITY

- Designed to withstand the toughest environmental conditions
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Flexible polymer construction resists damage from hail and tree limbs
- 20+ year expected product life
- 5-year full system warranty

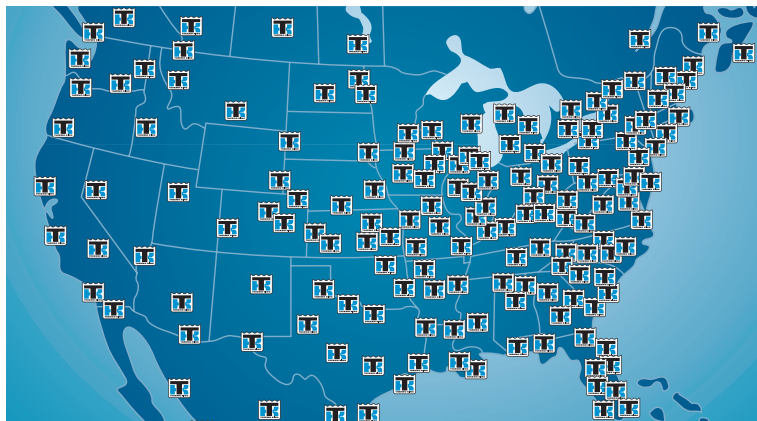

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
